Maintenance and Repairs

The user of this unit should carry out only the maintenance operations described in this manual. Other repair work may be performed only by an authorized STIHL dealer.

Warranty claims following repairs can be accepted only if the repair has been performed by an authorized STIHL dealer using original STIHL replacement parts.

Original STIHL parts can be identified by the STIHL part number, the **STIHL** logo and the STIHL parts symbol . The symbol may appear alone on small parts.

Key to Symbols

This instruction manual refers to models with different scopes of supply. Parts or features not included in all models and their resultant applications are marked thus *. Parts not included in the standard scope of supply, marked *, are available as special accessories from your STIHL dealer.

Scope of supply / equipment

STIHL maintains a continuous program of updating its equipment and tools to the very latest standards. For this reason we may modify the design, engineering and appearance of our products periodically.

Therefore, we cannot be responsible for changes, modifications or improvements not covered in this manual.
